IFI and IFI Responsible Persons have actual, possible and perceived conflicts of interest arising from Relevant Duties to or Relevant Interests in other IFS Group entities, Industry Super Australia Pty Ltd (ISA), IFM Group and The New Daily (together the Related Parties). The roles and relationships that cause these conflicts are:

- IFS wholly owns IFI, IFSIS, IFFS and IFMN2.

- IFS provide IFI with corporate and operational services. These are provided under a Trustee Services Agreement (TSA), which is regularly reviewed to ensure that the arrangements are no more favourable than would apply if an unrelated party provided the services. IFS also provide corporate and operational services to other entities in the IFS Group.
- The Board of IFI determines a dividend policy and the amount of any dividend to be paid to IFS each year.
- IFSIS provides insurance broker services to the IFS Group including IFI.

#### 4. How IFI manages conflicts of interest with the IFS Group and the Related Parties

IFI manages these conflicts by relying on one or more of the following:

- written agreements which determine service standards and payment terms and which are regularly reviewed to ensure that the arrangements are no more favourable than would apply if an unrelated party provided the services;
- where appropriate, requiring Responsible Persons affected by a conflict of interest to abstain from participation in decisions that relate to a Related Party (referred to as Board Segregation in this Register);
- maintenance and enforcement of the IFI Investment Policy Statement; the IFS Group Outsourcing Policy and the IFS Group Conflicts of Interest Policy (the Conflicts Policy);
- the Conflicts Policy also includes guidelines to assist in the management of conflicts which may be summarised as:
  - dealing on terms no more favourable than would be agreed with an independent party;
  - benchmarking service levels and fees against the relevant market;
  - reviewing arrangements regularly;
  - prioritising the interests of members and beneficiaries; and
  - clear, concise and effective disclosure of conflicts.

#### 5. Personal superannuation held by individual Responsible Persons

A number of IFI Responsible Persons are members of Superannuation Funds that are unit holders in IPEF I, IPEF II and IPEF III. Any conflict arising from a Responsible Person holding an interest in a fund that is invested in IPEF I, IPEF II and IPEF III are managed through adherence to the relevant Trust Deeds, IFI's Constitution and the Conflicts Policy.
